

WHY A VIRTUAL EDUCATION FUND DINNER & AUCTION?

During these uncertain times, it is more important than ever to find reasons to celebrate. There is nothing better to celebrate than life!

Wisconsin Right to Life is excited to announce the 2020 VIRTUAL Education Fund Dinner & Auction! This event, including an address from Sean Spicer, will be live-streamed at 6:30 PM on Thursday, May 14, 2020. A number of ticket packages are available that will not only give you access to the live stream, but help you have the best quarantined Ed Fund Dinner & Auction party ever!

The goal of Wisconsin Right to Life in 2020 is to *Kill the Lies, Not the Child*. For decades, the abortion industry has lied to women, and all of us, to justify their deadly trade.

Some of the biggest lies involve telling women that, when faced with an unplanned pregnancy, they are hopeless. That abortion is the only rational choice for them to make. The financial turmoil of the COVID-19 outbreak is disproportionately affecting vulnerable women and children. It is also affecting the ability of pregnancy resource centers to continue their lifesaving work. Right now, it is easier than ever for the most vulnerable to fall victim to the lies of the abortion industry.

Over the past several days, Wisconsin Right to Life has been flooded with desperate requests for financial assistance from our friends at pregnancy resource centers. We know that these pleas for help will only increase in the days and weeks to come.

At the same time, our other important Education Fund programs must continue once this crisis is over – Life Summer Camp, our Life on Campus college program, and our efforts to defend Wisconsin’s pro-life laws against Planned Parenthood’s insidious legal attacks, our work to educate our members in elected office about laws that will protect the most vulnerable, and our work to educate our pro-life members about how they can have an impact on life-saving measures.

The Wisconsin Right to Life Education Fund is defending life in Wisconsin on numerous fronts – work that is becoming more important with each passing day. The majority of our annual funding comes from the Dinner & Auction, so cancelling this event was simply not an option.

In these unprecedented times, we need your support more than ever! In addition, after days and weeks of social distancing and remaining "Safer at Home", we all need a reason to come together, albeit virtually, and have a fun evening to help the vulnerable. We encourage YOU to be a part of Wisconsin Right to Life history while helping the most vulnerable among us, educating our teens, and defending our pro-life laws!

Register for the VIRTUAL Education Fund Dinner & Auction today! We look forward to “seeing” YOU on May 14th!
